

<Tour de App>

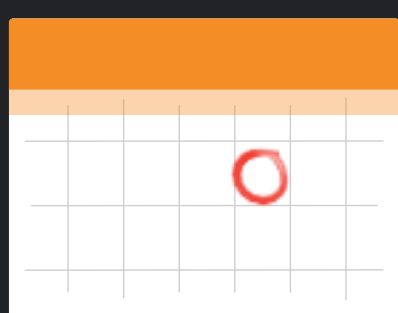

How does the competition work?

Assemble a team of **2-3 members**.

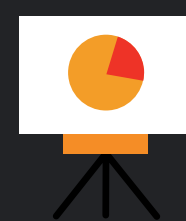

Register your team through your **teacher**.

Registration takes place from
1st of September to 4th of December

The assignment in the **Nomination Round**
will be published on our website, namely
on **14th of September**.

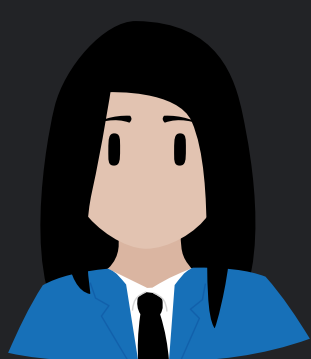

In each round, both the **functionality**
of the application and compliance with
the **brand manual** are evaluated.

After the Nomination Round (**15th of January**),
an **announcement** of the results of the
Nomination Round in-person will take place,
where you will get to know if you continue to the
Competition Round and you will receive a **certificate**
of attendance in the Nomination Round.

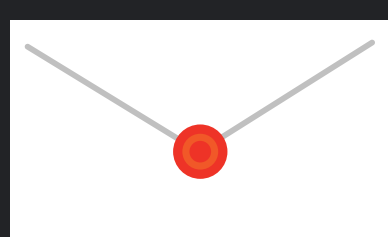

If the attendee's capacity is full or you can't attend
the results announcement, fear not, the **results** will
be available to everyone by **e-mail** or on our **website**.
We also publish them on our **Discord**.

In the **Competition Round** that starts on **8th of February** beging
the communication with the **client**. Team can have up to **4 online**
meetings (once a week), where the details of the assignment
are revealed.

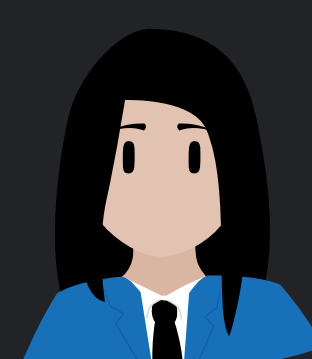

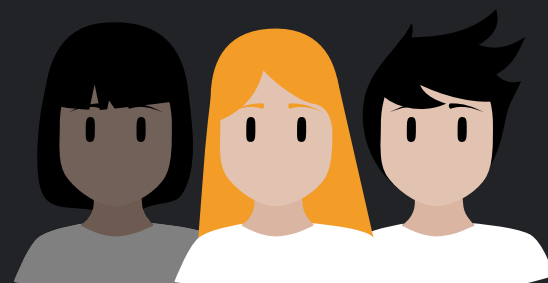

From the **start** of the Competition Round, the contestants may
consult the specific issues with a **mentor** with experience.

After the end of the Competition Round
(**5th of March**), you will receive the results
by **e-mail** or on our **website** once more.

The **Grandfinale** of this year's competition
is in **2nd-4th April** at **FI MUNI**.

During the **Grandfinale**, teams will **continue working on their applications**.
This time, they will focus on researching the challenges faced by the
application's users and identifying their needs and problems. Throughout
the weekend, teams will work with **clients** and **mentors** in person, using
the insights they gain to further improve their solutions.

On Sunday, the **Top 5 teams** will be announced. During the morning, they will
prepare a **pitch** for their application and **present** it to a panel of expert
judges acting as potential investors.
